44.

APPLICATION FOR DREDGING PERMIT, TIDE AND SUBMERGED LANDS, MOSS LANDING HARBOR, MONTEREY COUNTY; MOSS LANDING HARBOR DISTRICT - W.O. 5019.

An application has been received from the Moss Landing Harbor District for a permit to perform maintenance dredging by removing approximately 2,000 cubic yards of material from the bed of Moss Landing Harbor in Monterey County. The dredge area lies within an area granted by the State to the Moss Landing Harbor District (Chap. 1190, Stats. 1947). The material will be deposited on a low lying area adjacent to Moro Cojo Slough in an effort to reclaim the area, which is under jurisdiction of the Moss Landing Harbor District.

Section 6303 of the Public Resources Code provides that when an applicant has a permit from the federal government, the Commission may grant the privilege of depositing material upon, or removing or extracting material from, tide or submerged lands owned by the State for the improvement of navigation or reclamation upon such terms and conditions and for such consideration as will be for the best interests of the State.

The applicant has been authorized by the U. S. Corps of Engineers to conduct the proposed dredging operations. The Division of Beaches and Parks has reported verbally that the operation would not affect any of its programs or projects. The Department of Fish and Game has indicated that they have no objection to the disposal site.

IT IS RECOMMENDED THAT THE COMMISSION AUTHORIZE THE EXECUTIVE OFFICER TO ISSUE A PERMIT TO THE MOSS LANDING HARBOR DISTRICT TO ACCOMPLISH MAINTENANCE DREDGING, AND TO DREDGE APPROXIMATELY 2,000 CUBIC YARDS OF MATERIAL, WITHOUT PAYMENT OF ROYALTY, FROM AN AREA OF STATE-OWNED TIDE AND SUBMERGED LANDS IN THE AREA OF THE SMALL BOAT BASIN LOCATED AT THE INNER END OF THE LAGOON CHANNEL IN MOSS LANDING HARBOR.

THE CONSIDERATION FOR THE ISSUANCE OF THIS PERMIT IS THE PUBLIC BENEFIT.
